VOICE update 2018

Summary of Warpstock 2018 Berlin

- 26 visitors this year, less visitors then previous years.
- Amount of visitors lower duo to my little spare time. New job, moved to new house, private issue's.

Looking for other interest groups

- Rexxla presented at Warpstock 2017.

- Trying to find other interest groups, such as Amiga and Commondore 64.
- Maybe combined with HCC on the same weekend! This is still uncertain!

Warpstock Europe 2019!

- Most likely Stay Okay Soest, near Amersfoort the Netherlands.

- 18 & 19 of May 2019

- So maybe with the HCC! Just new development.

What we worked on @ VOICE

- RPM.OS2VOICE.ORG, still in the works :-)
- Installing LAN server support on ArcaOS (Alex Taylor)
  A Teamviewer kind of solution for OS/2, delivered!

- New browser funding collected over 14.000 US!

- Warpstock 2018/2019

Financial position of OS/2 VOICE

- We have about 6000 Euro left.

- Free software does NOT grow on trees

- We need more funding for BWW its browser project.

Visibility of OS/2 inside/outside

- Pretty bad, news not distributed very well in the OS/2 community!

- No communication to "outside" world.

- To some extend we are signing our death warrant!

- Press@os2voice.org mailing list under constuction
- Automatic social media connections newssystem
